

Nominations open for David Bland Award

February 19, 2019

The David Bland Memorial Award is awarded annually to an HSA member who has demonstrated outstanding leadership in the area of occupational health and safety and who has made a meaningful difference in the lives of their fellow HSA members.

The award was established by HSA's board of directors to honour HSA member David Bland, a vocational counsellor from Richmond Mental Health who was killed at his workplace by a former client.

Many incidents of workplace violence are preventable. The tragic death of David Bland is reminder that more needs to be done to stop workplace violence, injuries, and accidents from occurring. The memorial award is an opportunity to celebrate an HSA member who has championed positive change in their workplace pertaining to occupational health and safety.
