

BULLETIN

HSPBA pandemic response fund on hold

May 8, 2020

The HSPBA Pandemic Response Fund negotiated by HSA on behalf of BC's health science professionals will be reviewed following the announcement by Prime Minister Justin Trudeau of \$4bn in federal funding to recognize and support the work of essential workers.

After reaching the \$5mn Pandemic Response Fund agreement with the BC Ministry of Health last month, HSA continued to work to ensure the contributions of all HSA health care and social service workers are properly recognized during the COVID-19 crisis.

As a result, the HSA Pandemic Response Fund application process has been put on hold until next week.

HSA thanks all members for your support and interest in the fund.
