NBA Bargaining Update: Committee Reviewing Your Priorities

November 15, 2022

HSA's representatives on the NBA bargaining committee met today to review the priorities set by HSA RPNs. Members first identified these priorities through the membership survey that members completed in the fall of 2021, and they were discussed further by delegates to the October 2022 Bargaining Proposals Conference.

They will join with a representative from HEU as well as the BCNU Bargaining Committee on November 23 to start preparation for bargaining.

Your HSA Bargaining Committee will provide regular updates once negotiations begin. Please continue to watch your emails for further information. If you have colleagues who did not receive this update, please encourage them to [update their contact information with HSA](#).
