## Private diagnostic services clinic staff in Lower Mainland and Victoria join HSA

June 22, 2007

Health Sciences Association of B.C. is pleased to welcome new members, employees of CML HealthCare, to the union of caring professionals.

HSA has represented staff at CML HealthCare, a private company that provides medical diagnostic imaging services to the public, in Victoria since 2003. Employees at four additional CML HealthCare clinics in Victoria and the Lower Mainland voted to join the union early this year, but the results of the vote were not known until yesterday.

The delay was a result of CML HealthCares objections to the HSA application for certification made in January. Last week, the Labour Relations Board ruled against CML HealthCare and granted the certification be allowed and the vote be counted.

Employees at the four new sites will join the existing members in Victoria and negotiate a collective agreement for all CML employees in B.C.
