

BULLETIN

Survey asks: Is your worksite ready for H1N1 pandemic?

July 20, 2009

HSA members and stewards, including OHS stewards, are encouraged to help the union gather information about the state of preparedness in your facility for a possible pandemic.

Please complete a [short online survey](#) to help HSA gather information about the extent to which Health Authorities are prepared to protect the health of employees, as well as patients and their families.

The information gathered will be used to ensure your concerns about any gaps in preparedness are appropriately addressed.

You may also download a copy of the survey and send it by fax to the HSA office.

[Go the the survey now.](#) Or, [download and print the survery here.](#)
