GROUP LIFE

The Group Life benefit is paid to your beneficiary or estate in the event of your death from any cause.

cost

The contributions your employer pays are taxable income to you, and will be included on your annual T4 slip.

eligibility

If you are a regular full-time or regular part-time employee scheduled to work twenty (20)* regular hours or more per week, you are eligible for this benefit as a condition of employment.

*fifteen (15) or more for part-time employees hired prior to April 1, 2004.

effective date

Your coverage takes effect on the first day of the month after you have successfully completed your probationary period (not to exceed 3 months).

If you die, \$50,000 will be paid to your beneficiary (or to your estate if you have not named a beneficiary).

Coverage reduces to \$25,000 at age 65 and terminates at age 70.

your beneficiary

Your beneficiary is the person (or persons) named on your most recently completed Appointment/Change of Beneficiary form. This person will receive your Group Life benefit if you die. If you named more than one person, the payment will be divided among your beneficiaries. If you have not named a beneficiary, the benefit will be paid to your estate.

Changing your beneficiary: You may change your beneficiary at any time by completing a new Appointment/Change of Beneficiary form. Appointment/Change of Beneficiary forms may be obtained from your

employer's Human Resources or Benefits department. Periodically, you should contact your employer to ensure that your beneficiary designation is still appropriate.

exclusions

There are no exclusions under the Group Life benefit. The benefit is paid regardless of the cause of your death, provided you were eligible for coverage at the date of death.

If you receive LTD benefits from this Plan, your Group Life coverage will continue

without cost to you as long as you remain an employee.

- You transfer to an ineligible status;
- You are laid off;
- You attain age 70.

If you are terminally ill and are expected to live less than one year, you may be eligible for an advance payment of up to 50% of your Group Life benefit (maximum payment \$25,000). The remaining benefit (less interest) will be paid to your beneficiary or estate when you die. If you wish to apply for an Advance Payment, contact your employer to obtain an application form.

ACCIDENTAL DEATH & DISMEMBERMENT

The Accidental Death benefit is paid to your beneficiary or estate in the event of your death as a result of an accident. It is paid **in addition** to the Group Life benefit.

The Accidental Dismemberment benefit is paid to you if you lose a limb, sight, hearing or speech as a result of an accident, and includes loss of use (paralysis).

cost

Your employer pays the cost of this Accidental Death & Dismemberment (AD&D) benefit.

The contributions your employer pays are taxable income to you, and will be included on your annual T4 slip.

6. Travel or flight in any aircraft except solely as a passenger in a powered civil aircraft having a valid and current airworthiness certificate, and operated by a duly licensed or certified pilot while such aircraft is being used for the sole purpose of transportation only. Descent from any aircraft in flight will be deemed to be part of such flight.
7. Committing or attempting to commit a criminal offence or provoking an assault.
8. In the course of operating a motor vehicle while:
 - a. under the influence of any intoxicant, or

- b. your blood alcohol concentration was in excess of 100 milligrams of alcohol per 100 millilitres of blood.

continuation of coverage

Your employer will continue to pay the AD&D contributions while you are receiving sick pay, are on an Employment Standards Act leave including compassionate, maternity or parental leave, or during the first 20 work shifts of any other unpaid leave in any calendar year.

Coverage can continue while you are receiving WorkSafeBC (WSBC) benefits or are on an unpaid leave beyond 20 work shifts if you pay the contributions.

If you receive LTD benefits from this Plan, your AD&D coverage will continue without cost to you as long as you remain an employee.

termination of coverage

Your AD&D coverage terminates on the date you cease to be eligible. You cease to be eligible, for example, when:

- Your employment terminates;

- You retire;
- You commence an unpaid leave beyond 20 work shifts in any calendar year and elect not to pay the contributions (or elect to pay contributions and then stop paying them);
- You transfer to an ineligible status;
- You are laid off;
- You attain age 70.

claims

Claims are processed by Canada Life. If you die as a result of an accident, your beneficiary or executor should contact your employer for assistance in filing a claim. If you suffer a dismemberment or loss of use as a result of an accident, contact your employer for assistance in filing a claim.

The loss must occur within 365 days of the date of the accident. Claims must be submitted to Canada Life within 365 days of the date of loss.

LONG TERM DISABILITY

The Long Term Disability (LTD) benefit provides you with a monthly income if you are unable to work as a result of an accident or sickness. There is a 6 month qualification period.

cost

Your employer pays the cost of this LTD benefit.

eligibility

If you are a regular full-time or regular part-time employee scheduled to work twenty (20)* regular hours or more per week, you are eligible for this benefit as a condition of employment.

*fifteen (15) or more for part-time employees hired prior to April 1, 2004.

effective date

Your coverage takes effect on the first day of the month after you have successfully completed your probationary period (not to exceed 3 months).

early intervention program

Your LTD benefit includes the Community Social Services Early Intervention Program (CSSEIP). If you are a regular full-time or part-time employee and are absent from work due to illness or a non-work-related injury for more than 5 consecutive working days, your employer will refer you to Canada Life (your disability management provider). Canada Life will contact you to collect information on your injury or sickness to determine if they can provide support and assist with your recovery and return to work.

You are required to participate and co-operate in the CSSEIP.

amount of benefit

If you are disabled and qualify for LTD benefits, you will receive 70% of the first \$5,231* of basic monthly earnings;
+ 50% of basic monthly earnings in excess of the above limit;

+ adjustments every 4 years based on increases in the weighted average wage rate (also called "indexing"). If you are eligible for indexing, you will receive a letter from Canada Life explaining the calculation.

OR the benefit will be 66-2/3% of basic monthly earnings if this calculation produces a greater benefit.

*adjusted annually for new claims based on increases in the weighted average wage rate.

"Basic monthly earnings" for full-time employees = Your basic monthly earnings as at the date you became totally disabled.

"Basic monthly earnings" for part-time employees = Your average monthly hours of work for the 12 month period (or period of employment if shorter) prior to the date you became totally disabled, multiplied by your hourly pay rate as at the date you became totally disabled.

Basic monthly earnings are also called "pre-disability earnings".

qualification period

LTD benefits are payable after you have been totally disabled and are unable to

perform the duties of your own occupation for 6 months. These 6 months are the "qualification period". Payments commence 30 days following the completion of the qualification period.

definition of total disability

To qualify for LTD benefits for the first 12 months of disability (excluding the 6 month qualification period): You must be unable, because of an accident or sickness, to perform the duties of your own occupation. This is called the "own occupation" period of disability.

To continue to qualify for LTD benefits after 12 months of disability (excluding the 6 month qualification period): You must be unable to perform the duties of any gainful occupation for which you have the education, training or experience, and which pays at least 70% of the current rate of pay for your job as at the date you became disabled. This is called the "any occupation" period of disability.

successive disabilities

During the qualification period: If you attempt to return to work during the

qualification period, but within 31 calendar days stop working because of the same disability, you will not be required to start a new qualification period. Your qualification period may be extended by the number of days you worked.

After LTD benefits have been paid: If you return to work but within 6 months stop working because of the same disability, or within 31 days stop working because of a new disability, your prior LTD claim will be re-opened and you will not have to complete a new qualification period.

exclusions

LTD benefits will not be paid for disabilities resulting from:

1. Any period of disability when you are not under the regular and personal care of a physician.
2. War, insurrection, rebellion, or service in the armed forces of any country.
3. Voluntary participation in a riot or civil commotion, except while you are performing the duties of your regular occupation.
4. Intentionally self-inflicted injuries or illness.

continuation of coverage

Your employer will continue to pay the LTD contributions while you are receiving sick pay, are on an Employment Standards Act leave including compassionate, maternity or parental leave, or during the first 20 work shifts of any other unpaid leave in any calendar year.

Coverage can continue while you are receiving WorkSafeBC (WSBC) benefits or are on an unpaid leave beyond 20 work shifts for up to 12 months (24 months if on an educational leave), if you pay the contributions.

If you receive LTD benefits from this Plan, your LTD, Group Life and AD&D coverage will continue without cost to you. (See also "duration of benefits" section.) You can elect to continue your Dental and/or Extended Health coverage as long as you remain an employee and if you pay 50% of the contributions. The decision to continue these benefits can only be made at the time your LTD claim is accepted and contributions must be paid to the employer monthly in advance.

Note: In order for your Group Life, AD&D, Dental and Extended Health coverage

to continue while you are on LTD, you must remain an employee.

termination of coverage

Your LTD coverage terminates on the date you cease to be eligible. You cease to be eligible, for example, when:

- Your employment terminates;
- You retire;
- You commence an unpaid leave beyond 20 work shifts in any calendar year and elect not to pay the contributions (or elect to pay the contributions and then stop paying them);
- You transfer to an ineligible status;
- You are laid off;
- You attain age 64 years and 6 months.

claims

LTD claims are processed by Canada Life.

If you are disabled, have been unable to work for 4 months, are not receiving WorkSafeBC (WSBC) wage loss benefits, and do not expect to return to work within the 6 month qualification period, contact your employer and obtain an

LTD claim package. One form is to be completed by you, one by your employer and one by your doctor. It is important that all sections of the forms are completed, and that copies of specialists' reports, lab tests, x-ray results, etc. are submitted with your claim.

LTD claims are sent to Canada Life at the address shown on the forms.

Late claims: Claims must be sent to Canada Life no later than 45 days after the date your benefits would otherwise commence (e.g. the end of your qualification period). Late claims may be accepted up to 6 months after the 45 day period, but only where it was not reasonably possible to submit the claim on time.

Income tax: LTD benefit payments are taxable. Therefore, you must submit tax forms with your claim. You will receive a T4-A slip from Canada Life after the end of each calendar year.

Canada Pension Plan disability benefits: If your disability is severe and prolonged, you must also submit a claim to the Canada Pension Plan (CPP) for disability benefits. To obtain a claim form, contact Service Canada. If you meet CPP definition of disability, CPP benefits are payable after 4 months of disability

and will reduce the amount of your monthly LTD benefit.

Third Party Claims: If your disability results from a motor vehicle accident, you must also claim any wage loss benefits that you are entitled to from any third party. Your LTD benefits may be reduced by all or a portion of those wage loss benefits, other than benefits paid by the Insurance Corporation of BC (ICBC) for motor vehicle accidents on or after May 17, 2018.

Other Disability Income: Your LTD benefit will not be reduced by income from private or individual disability plans, or from ICBC for motor vehicle accidents on or after May 17, 2018. However, your LTD benefit will be reduced by 100% of any other disability income you receive as a result of the same disability that caused you to be eligible for LTD benefits. "Other disability income" includes but is not limited to:

1. Any amounts payable under any Workers' Compensation Act or law or any other legislation of similar purpose; and
2. Any amount from any group insurance, wage continuation or pension plan of your employer that provides disability income; and
3. Any amount of disability income provided by any compulsory act or law; and

4. Any periodic primary benefit payment from the Canada or Quebec Pension Plans or other similar social security plan of any country to which you are entitled or to which you would be entitled if your application for such a benefit was approved; and
5. Any amount of disability income provided by a group or association disability plan to which you might belong or subscribe.

If you become eligible for such other disability income, the LTD Plan is entitled to be repaid for the period of overlap.

Your LTD benefits will not be reduced by income from private or individual disability plans, or certain association plans.

LTD benefits are reduced by the amount of other disability income to which you are entitled upon first becoming eligible for the other income. Future increases in the other income (e.g. based on Canadian Consumer Price Index or similar indexing arrangements) will not further reduce your LTD benefits until your LTD benefit is re-calculated based on current wage rates (i.e. every 4 years).

Pension Plan

This LTD benefit is an approved disability plan under the Municipal Pension Plan (MPP) and the Public Service Pension Plan (PSPP). Therefore, if you are a member of one of those pension plans and are receiving LTD benefits from this Plan, you will not be required to make contributions to the pension plan and you may continue to accrue contributory and pensionable service. In that event, contact your employer to confirm your pension status.

If you are close to retirement age when you become disabled, you may wish to contact your employer and discuss whether it would be to your financial advantage to take early retirement instead of claiming LTD benefits.

Rehabilitation

If you are disabled, rehabilitation can help you return to work. If you are medically able to prepare to return to work (at your own job or another job), a rehabilitation consultant at Canada Life can provide you with support, advice and, if needed, financial assistance for rehabilitation.

Approved Rehabilitation Plan

The rehabilitation consultants offer many opportunities to help you return to work through return to work programs, vocational assessment, work

conditioning, counselling, rehabilitative employment and/or retraining for another job. These services will be part of an Approved Rehabilitation Plan (ARP) which is created jointly by you and your rehabilitation consultant (and your union, if you choose). Your LTD benefits will continue until you have successfully completed the Approved Rehabilitation Plan, provided you continue to participate and cooperate in the ARP.

Commitment to Rehabilitation

You are required to participate and cooperate in rehabilitation.

Rehabilitation Review Committee

If you do not agree with the recommended rehabilitation plan, or if you feel you are medically unable to participate, you must either be able to demonstrate why you cannot participate, or you can appeal to a Rehabilitation Review Committee. The Committee is made up of 3 rehabilitation specialists. During the appeal process your LTD benefits will continue. However, if the Committee approves the rehabilitation plan, but you do not accept their decision, your LTD benefit payments will be suspended.

Rehabilitative Employment

If you return to work in rehabilitative employment that is part of an ARP, your LTD claim will continue. You can receive all earnings from rehabilitative employment, plus your LTD benefit, provided your combined income does not exceed 100% of the current rate of pay for your job at date of disability. If your earnings plus your LTD benefit exceed 100%, your LTD benefit will be reduced by the excess.

Note: If you receive earnings that are not from approved rehabilitative employment, your LTD benefit will be reduced by 100% of such earnings.

Duration of Benefits

LTD benefits are paid as long as you remain totally disabled but will stop on the date you:

- recover,
- reach age 65,
- die,
- refuse to participate in an Approved Rehabilitation Plan that has been approved by a Rehabilitation Review Committee, or elect early retirement, whichever occurs first.

If your employment terminates while receiving LTD benefits, only the payment of the LTD benefit will continue. All other health and welfare coverage will end.

Appeals

If Canada Life deny or terminate your claim and if you disagree with their decision, you may appeal and submit further medical information to Canada Life in support of your claim. If Canada Life do not change their decision, you may request that your LTD claim be reviewed by a Claims Review Committee, which is made up of 3 medical doctors. You must appeal a decision within 2 years of Canada Life's last decision letter, unless there are good and sufficient reasons to extend the time period. You may wish to contact your union for assistance with the appeal process.

continuation of coverage

Your employer will continue to pay the Dental contributions while you are receiving sick pay, are on an Employment Standards Act leave including compassionate, maternity or parental leave, or during the first 20 work shifts of any other unpaid leave in a calendar year.

Coverage can continue while you are receiving WorkSafeBC (WSBC) benefits or are on an unpaid leave beyond 20 work shifts if you pay 100% of the contributions.

Coverage can continue while you are on an LTD claim as long as you are receiving LTD benefits and remain an employee and if you pay 50% of the contributions.

termination of coverage

Your Dental coverage terminates at the end of the calendar month in which you cease to be eligible. You cease to be eligible, for example, when:

- Your employment terminates;
- You retire;
- You commence an unpaid leave beyond 20 work shifts in any calendar year and elect not to pay the contributions (or elect to pay the contributions and then stop paying them);
- You transfer to an ineligible status;
- You are laid off.

Dependents: Coverage for a dependent ceases on the earlier of the date your coverage terminates, or at the end of the calendar month in which they no longer qualify as a "dependent" under the Dental benefit.

Dual dental restriction: If, while covered under this Dental benefit, you and/or your dependents become insured under another comparable dental plan (normally a spouse's plan), you will be required to terminate this coverage. In that event, contact your employer for further information. This coverage must

terminate at the end of the month prior to the start of the other dental coverage.

conversion

If you cease to be eligible because of termination of employment, you may convert your coverage to an individual policy issued by Pacific Blue Cross within 60 days of date of termination. Contact your employer or Pacific Blue Cross for further information.

claims

Dental claims are processed by:

Pacific Blue Cross PO Box 7000 Vancouver, BC V6B 4E1 (phone 604-419-2000 or 1-877-722-4583)
--

PBC Member Profile: You can obtain on-line information on your Dental claims through PBC's Member Profile website at: service.pac.bluecross.ca/member.

If you or your dependents require dental services, visit the dentist of your choice and take your Pacific Blue Cross ID card. Discuss the services that will be provided, the cost of those services, and any amounts that are not covered by this benefit and that you will be required to pay. If required, ask your dentist to

obtain pre-approval from Pacific Blue Cross prior to beginning treatment. When your dentist has completed the treatment, payment may be obtained by either of the following methods:

1. Your dentist can submit a claim to Pacific Blue Cross on your behalf for amounts up to the levels specified in your Dental Benefit. Pacific Blue Cross will then pay accepted claims directly to your dentist. If the services are covered at a level below 100%, you must pay the balance to your dentist, or
2. You can pay the dentist and then submit your own claim to Pacific Blue Cross up to the levels specified in your Dental Benefit. Pacific Blue Cross will then send a cheque to your home address, or via direct deposit if you have selected that option. For information on how to submit your own claim, contact Pacific Blue Cross. You can submit monthly orthodontic claims electronically through PBC's Member Profile website at: service.pac.bluecross.ca/member.

Keep the original receipts for your records.

Claims deadline: Claims must be received by Pacific Blue Cross within 12 months of the date of treatment.

Co-ordination of claims: If you are eligible for coverage under more than one plan, Pacific Blue Cross will co-ordinate the benefits, subject to the maximums set out in the Pacific Blue Cross Dental Fee Schedule No. 2, so that the total payments will not exceed the expenses actually incurred.

Treatment outside of BC: If you require dental care elsewhere in Canada and you obtain services from a qualified dentist, you will be reimbursed based on the dental fee schedule in effect in the province where the services were provided. Where services are obtained outside of Canada from a qualified dentist, you will be reimbursed up to the amount that would have paid had the services been provided in BC. To obtain payment, obtain an itemized statement from the dentist and submit it to Pacific Blue Cross.

Change of dentist: If you find it necessary to change your dentist after you have commenced dental work, advise Pacific Blue Cross and both dentists. Claims will be paid by Pacific Blue Cross where there has been no duplication of services.

Late enrollments will only be accepted to a maximum of 12 months of retroactivity.

reasonable and customary limits

Extended Health claims may be subject to Reasonable and Customary (R&C) limits. R&C limits are financial or frequency limits which are deemed, by Pacific Blue Cross, to be the normal or average amount that is expected to be charged for a product or service being claimed. These limits can be set using fee guides published by provider associations, market research, historical claims experience or a combination of any of these methods. Reasonable and customary limits are used by all insurance carriers to ensure plans are paying only for what is considered medically necessary. More information about Pacific Blue Cross's reasonable and customary limits can be

found online at www.pac.bluecross.ca.

continuation of coverage

Your employer will continue to pay the Extended Health contributions while you are receiving sick pay, on an Employment Standards Act leave including compassionate, maternity or parental leave, or during the first 20 work shifts in any other unpaid leave in a calendar year.

Coverage can continue while you are receiving WorkSafeBC (WSBC) benefits or are on an unpaid leave beyond 20 work shifts if you pay 100% of the contributions.

Coverage can continue while you are on an LTD claim as long as you are receiving LTD benefits and remain an employee and if you pay 50% of the contributions.

termination of coverage

Your Extended Health coverage terminates at the end of the calendar month in which you cease to be eligible. You cease to be eligible, for example, when:

- Your employment terminates;
- You retire;
- You commence an unpaid leave beyond 20 work shifts in any calendar year and elect not to pay the contributions (or elect to pay the contributions and then stop paying them);
- You transfer to an ineligible status;
- You are laid off.

Dependents: Coverage for a dependent ceases on the earlier of the date your coverage terminates, or at the end of the calendar month in which they no longer qualify as a "dependent" under the Extended Health benefit.

Dual extended health restriction: If, while covered under this Extended Health benefit, you and/or your dependents become insured under another extended health plan (normally a spouse's plan), you will be required to terminate this coverage. In that event, contact your employer for further information. This coverage must terminate at the end of the month prior to the start of the other extended health coverage.

conversion

If you cease to be eligible because of termination of employment, you may convert your coverage to an individual policy issued by Pacific Blue Cross within 60 days of date of termination. Contact your employer or Pacific Blue Cross for further information.

claims

Extended Health claims are processed by:

Pacific Blue Cross
 PO Box 7000
 Vancouver, BC V6B 4E1
 (phone 604-419-2000 or 1-877-722-2583)

PBC Member Profile: You can obtain on-line information on your Extended Health claims payments, or options for the electronic submission of claims, or obtain an Extended Health claim form, through PBC's Member Profile website at: service.pac.bluecross.ca/member.

Pay-direct claims: Check with your pharmacist or service provider to confirm they coordinate claims on-line directly with Pacific Blue Cross. When you are purchasing a prescription drug or service, give the provider your policy and ID numbers along with the necessary

identification requested by the provider. The pharmacist or provider will be able to determine, at the time you purchase your prescription or eligible expense, the amount that your Extended Health benefit will cover. The Extended Health benefit will reimburse this amount directly to the pharmacy or provider, and you will only pay your portion. For pharmacies that are not on-line or that are outside of BC, you must pay for the prescriptions, collect the receipts and submit them to Pacific Blue Cross on-line through PBC Member Profile or manually.

On-line PBC Member Profile claims: You can submit claims for prescription drugs, vision care and the services of physiotherapists, massage therapists, etc. electronically through PBC's Member Profile. If you have coverage under two different drug plans you must submit receipts on-line through PBC Member Profile or manually, unless both drug plans are provided through Pacific Blue Cross. Keep the original receipts for your records for **12 months from date of service**.

Manual claims: If you require an item or service which is covered under this Extended Health benefit, visit the supplier of your choice and discuss the cost. Pay the supplier and obtain a receipt. The receipt should identify the date, item/service purchased, name and

address of the supplier, price paid, quantity (where applicable) and the name of the person receiving the item/service (i.e. you or your dependent). Hold all your receipts until they exceed the annual deductible (\$45). Then obtain a Pacific Blue Cross Extended Health Care Claim Form from PBC's Member Profile. Complete your claim by carefully following the instructions on the claim form. Send your completed claim form and original receipts to Pacific Blue Cross at the address shown on the form. Keep a copy of the receipts for your records, as Pacific Blue Cross will not return the originals.

Claim payments: When your claim has been processed, Pacific Blue Cross will send a cheque to your home address, or via direct deposit if you have selected that option. You may wish to save the "Explanation of Benefits" that accompanies the claim payment, for income tax purposes.

Annual deductible: The \$45 annual deductible is applied only once per person or family in a calendar year. Once the deductible has been exceeded, you may submit a claim at any time. You may also submit additional claims during the year.

Claim filing deadline: Claims must be received by Pacific Blue Cross no later than June 30th of the following year.

Example: If you purchase an Eligible Expense on December 1, 2022, your claim must be received by PBC no later than June 30, 2023.

Co-ordination of benefits: If you are eligible for coverage under more than one plan, Pacific Blue Cross will co-ordinate the benefits so that the total payments will not exceed PBC's Reasonable and Customary limits or expenses actually incurred. See also "reasonable and customary limits and "On-line PBC Member Profile Claims" above.

Out-of-country medical expenses: Send your claim directly to Pacific Blue Cross instead of to MSP. Claims must be submitted to Pacific Blue Cross within 60 days of the date the expenses were incurred.
