

PHOTO CONTEST TIP SHEET

THANK YOU, for sharing your photo!

Tip 1: Check your visible work space.

Protect confidentiality by checking there is nothing visible that would identify your workplace, coworkers, or patients/clients. (And set aside any distracting clutter.)

Tip 2: Have someone take your photo.

We love selfies! But on most phones, the front facing camera is lower quality. And we need best quality for print.

Tip 3: Go for great lighting.

Choose a spot with the best lighting, open the blinds, turn on lights, or step outside.

Tip 4: Send us lots of options, please.

Vertical, horizontal, close up, standing back – we'd love to receive them all! We'll pick the best one for the dimensions we need, and send a proof to you before we use it.

Tip 5: Send high resolution.

Choose the option to send the largest size photo. Ask us for help if you're not sure!

Tip 6: Share with other HSA members!

We're love to hear from your HSA member co-workers as well! Offer to take their pic!
